

LEADERSHIP PROFILE

Chief Medical Officer, BayCare Medical Group:
BayCare Health System

Prepared by: Alexia Gonzalez

Organization Overview

BayCare is a leading, not-for-profit health care system that connects individuals and families to a wide range of services at hundreds of locations throughout the Tampa Bay and West Central Florida Regions. BayCare is also one of the largest private employers in the region with 27,739 employees – which we call “team members” – and 6,072 physicians and medical professionals who are employed, credentialed and community based.

About Us

BayCare is the leading, not-for-profit health care system that connects individuals and families to a wide range of services at hundreds of locations in the Tampa Bay and West Central Florida regions.

BayCare was formed in 1997 by a core group of local hospitals determined to continue providing not-for-profit health care to the Tampa Bay community.

Today, BayCare has grown to an integrated system operating 15 hospitals, all not-for-profit and driven by the same mission: to provide high-quality, compassionate care to all we serve. BayCare is one of the largest employers in the bay area, with 27,739 team members and substantial economic impact in this area and beyond.

BayCare is West Central Florida's largest provider of behavioral health and pediatric services and its provider group, BayCare Medical Group, is one of the largest in the region. BayCare's diverse network of ambulatory services includes laboratories, imaging, surgery centers, BayCare Urgent Care locations, wellness centers and one of Florida's largest home care agencies, BayCare HomeCare. And its Medicare Advantage insurance plan, BayCarePlus®, is among the region's few 5-star-rated plans.

For the past three years, IBM Watson Health Top Health Systems has ranked BayCare in the top 20 percent of large U.S. health care systems. BayCare is also a repeat winner as a FORTUNE 100 Best Companies to Work For.

BayCare Quality Commitment

Developed when the health system was formed in 1997, BayCare’s Quality Model, shown here, has stood the test of time. Our commitment to this Quality Model is one of the primary reasons why the organization has remained successful the past 25 years.

The Quality Model supports our goal of clinical excellence, serving as the tool for how we get there. Team members and physicians working together to achieve clinical excellence will get there using this model. The Quality Model can be divided into three sections: Quality Philosophy, Quality Process and Quality Promoters.

Quality Philosophy focuses on the “customer experience” and improving customer satisfaction with the services we deliver. We believe the way to “serve the needs of the customer” is by focusing on their needs, through process focus and continuous improvement.

The Quality Process provides the framework for innovation and the creation of new services designed to serve the needs of our customers. The Quality Process includes planning (system-wide strategy to serve customer needs), improving (taking action to improve processes), and assessing and reporting (measuring and reporting how well we are performing).

Finally, the Promoters of Quality enable and support a culture where Quality behaviors and expectations are communicated, encouraged, and rewarded. These promoters include Reward and Recognition, Leadership, Education and Training and Communication.

Mission, Vision and Values

Mission: BayCare Health System will improve the health of all we serve through community-owned health care services that set the standard for high quality, compassionate care.
